AROMAFORCE™

CERTIFIED ORGANIC | IMMUNE SUPPORT

December 2017

Warm Greetings,

Introducing a complete line of **Immune Support** products, professionally developed by our European team of pharmacists and internationally renowned pharmacist and aromatherapy expert, Dominique Baudoux. Each product contains the active properties, harnessed from organic plants as essential oils, to boost and support the immune system — especially effective during the challenging winter months. We hope you take the time to sample each product and offer them in your store!

- **CERTIFIED ORGANIC & CHEMOTYPED ESSENTIAL OILS** – To ensure the highest quality and effective potency for each product, each essential oil ingredient is certified organic and chemotyped. Our scientific formulations use plant constituents known to effectively support the immune system.
- **SAFE, CONVENIENT & EFFECTIVE** – Each product is predosed, easy-to-use and contains the active and effective properties found in plants. Absolutely no synthetics, dyes or anything artificial.
- **EDUCATION** – Our National Educator, Amy Pereira will be offering call-in training events to help your employees understand and share the benefits of Aromaforce with your customers!

To order Aromaforce products, simply call or email us today!

Be well,

Julia Craven
COO, USA
Veriditas by Pranarom

“Plants heal and restore our balance for vital health.”
